### Brief Bio:

Upon entering high school, I immediately began looking for chances to advance my educational opportunities. I first dual-enrolled at Lee University in Cleveland Tennessee, and maintained a 4.0 GPA. However, my family was forced to move due to work reasons, and I wound up in Georgia. Still desiring the academic challenge of collegiate courses, I began to look for a college to continue my Dual-Enrollment classes. The clear choice was Gordon State. The small and quiet campus, the dedicated and expert teachers, and the camaraderie of fellow students all make Gordon a school that I am delighted to pursue my education at.
