

Becky Walls

English Major

Home Town: Griffin, GA

High School: Spalding High School

## Honors:

Student Honors Council, 2014-

---

## Brief Bio:

I graduated from Spalding High School in May of 2013. I came to Gordon originally planning to complete my core classes and to then move on to a bigger university (as so many of us do). I was pleasantly surprised about how much I have come to love this school. I started out as a Nursing Major and within the first month of my first semester I realized that this was not what God had in mind for me. I immediately changed my major to English and have been on a fast track to complete my classes ever since. I love Gordon and I am so “honored” to be a part of the honors program here.

I plan on getting my four year degree in just three years and then I plan on becoming ESL certified and moving across seas to be a missionary in a field where people truly need to hear about God. I feel like as Americans people get tired of hearing about what the Lord has done for them and I believe it is my job as a Christian to tell desperately lonely people about Him. So far I have been on two mission’s trips; one to Uganda, Africa and one to Mississippi. It is my prayer that God would use me everywhere and anywhere that He can in my present and future.
