[STUDENT HONORS COUNCIL MEETING NOTES]

Technology in the Classroom Survey - We're still not sure when it'll be sent out, as we still need to figure out by whom we should get it approved.

Garden - The garden is in limbo currently, with it being too cold. There may be a Gardening Club coming soon!

Marketing - Everyone should be ambassadors to the program. Choose two classes to go to and talk about the Honors Program. Brochures are on the mantle in the Honors House.

Student Support Forum - We'll be redoing sleep again this semester. No exact date, but it'll be before midterm.

Charter - After the meeting, the charter was discussed. Edits will be made and we'll vote to ratify it next meeting.
